

Security Alarm Systems

PREMIUM SECURITY AND ALERTING:
An alarm system, also known as a burglar alarm, is designed to warn you of an attempted break in and to deter burglars and intruders from entering your new home.

EASY TO USE:
4 Digit codes can be programmed in, and you can disarm or arm with press of no more than a couple of buttons on the keypad, or if the radio option is taken, simply press the OFF button to disarm and ON to arm.

POWERFUL COMMUNICATION:
Be alerted when there is an alarm via a monitoring control centre or simply via your mobile phone.

Standard Package Includes:

- D8 Alarm Panel With Dialler
- D8 LCD Keypad
- 3 x Quantum + Detectors
- Internal Screamer
- External Siren/Strobe Combination

Optional Extras:

- Pet Detectors
- Dual Element Detectors
- Wireless Radio Keys + Expander Boards
- Photoelectric Smoke Sensors
- Door & Window Reed Switches
